

EXDISC

The Ex-Disc is the best way to give your brand 360° impact and combines the practicality of the Boulevard Banner with the movement of the Flying Banner.

The clever design allows the disc to feather out of the wind and the double-sided print shows off your brand from any direction. The image is also easily interchangeable.

The innovative Ex-Clamp is adaptable, attaching to any size pole from 50 to 300mm. The Ex-Disc easily slots in and out for easy merchandising.
